---

Government of Uttarakhand has prioritized 28 medicinal and aromatic species for the cultivation in the state in different climatic and geographical regions. Fifty percent subsidy is given to the farmers on cultivation of these prioritized species. Apart from prioritized species few tree species are also being promoted by HRDI but fifty percent subsidy on these few tree species are not applicable. The list of prioritized species is given below:-

SI

Common Name

Botanical Name

SI

Common Name

Botanical Name

1.

Atis

*Aconitum heterophyllum*

15.
